The Regional Transportation Plan (RTP) helps to determine how federal and state funding will be spent on transportation infrastructure and services in our communities over the next 20 years.

These events and surveys will solicit community initiatives including mobility needs, safety and security, quality-of-life and environmental concerns.

By participating in any of these activities, you will be making a statement about the transportation improvements your community needs now and in the future.

**Visit our website at [www.ocpcrpa.org](http://www.ocpcrpa.org) to learn more and participate in our survey at:**
