Attendees

Mark Beaton, Green Committee
Pine Dubois, Green Committee
Brian Spires, Green Committee
Mike O'Meara, Green Committee

At 7:20 PM the meeting was called to order by Brian Spires. This was seconded by Mike O'Meara.

The meeting started off with discussion on the actual capacity of a wind turbine based on capacity factor.

Further discussion continued on May 27 letter - Reducing municipal energy costs.

Mike O'Meara mentioned a few editorial changes.

Discussion continued on the Wind Turbine Feasibility Study Report dated May 13, 2008. Material on pages 65, 67, 69 and 70 were discussed.

The total energy output of a model turbine was discussed.

Mark motioned to accept the ????? amended minutes as outlined by committee members during this and previous meetings. Brian seconded this motion.

Mark motioned to accept the cover letter.

Mike O'Meara proceeded with discussion to modify slightly to correctly adjust the amount of electricity evenly utilized verses amount put out by turbine. After the comments, Mike O'Meara seconded and the committee voted unanimously to accept cover letter.

Unfortunately, my notes do not include the motion to adjourn.
