

FILING A BUSINESS CERTIFICATE

(Mass. General Laws, Chapter 110, Section 5)

WHAT IS A BUSINESS CERTIFICATE?

A business certificate is a local registration of a business that is conducted within the Town of Kingston. It is commonly referred to as a "d/b/a" form or "doing business as" form. Its purpose is primarily for consumer protection and public information purposes. Essentially, the public has a right to know who "is" a particular business; since, more often than not, a customer will not know who owns the business simply by the name of that business.

NOTE: A business certificate is not a license to do business in town. Additional licenses/permits issued by other town departments or state agencies may be required in order to do business. Please check with the Building Inspector/Zoning Enforcement Officer (7871-585-0505) to determine if the business is an allowed use in the intended zoning district.

WHO MUST FILE?

Any person, whether individually or as a partnership, conducting business under any title other than the complete real name of the owner(s) must file a business certificate.

Any corporation doing business in a name other than its corporate name must file a business certificate. The certificate must be completed and signed by an officer having corporate signatory authority.

WHERE DOES ONE FILE?

File with the Town Clerk, either in person or by mail, in every city or town where an office of said business may be situated.

WHAT ABOUT A CHANGE?

Upon discontinuing, retiring or withdrawing from such business, or in the case of a change of residence of such person or of the location where the business is conducted, a statement of change or discontinuance must be filed with the office of the Town Clerk.

DOES A BUSINESS CERTIFICATE EXPIRE?

A business certificate is in full force and effect for four (4) years from the date of issue. A renewal filing must be made every four years as long as the business is being conducted.

DOES THE CERTIFICATE HAVE TO BE DISPLAYED?

No. However, you must provide a copy upon request.
