### **Old and New Business**

John Perry brought copies of two articles from the news regarding current legislation and Cable companies. We will read these at our convenience.

Chairman Bill Arrowsmith reported he spoke with Shelley Loring at Town Clerk's office about getting the survey on the web. Because of some changes that may need to be made in putting the survey on line that would have to be included in the printed version, we are waiting for Shelly Loring. As soon as we have a working survey, we will begin distribution.

Nancy Richards stopped by. She recommended that we give ourselves some more time on the survey. The Committee agreed to extend the survey until March 16 to get a better response, some extra time to

collate the results, and we will start meeting with Comcast around the beginning of April.

Bob Pinato flagged down John Creed of the Silver Lake School Committee. We discussed how we could bring more local programming to and from Silver Lake. He suggested we write a letter to Pat Doherty and cc the Superintendent. Bill will follow up.

We agreed to meet Tuesday, February 20, at the Kingston Town House. Bill will make sure that meeting is posted.

**Motion:** Tom Bolus "to adjourn the meeting"

**Second:** Bob Pinato

**Vote:** 4-0-0

The meeting ended at 7:02 PM

Respectfully submitted.

Bill Arrowsmith  
Chairman, Kingston Cable Advisory Committee
