The Meeting of the Kingston Board of Health was called to order by : Joe Casna, In attendance were: Jack Breen, Bill Kavol, Health Agent Henny Walters

Absent were Secretary, Linda Randall, Chairman, Bill Watson, & Vice-Chairman, Dan Sapir.

7:00 Meeting called to order by Joe Casna

Dana Junior was in to discuss with the Board a permit for a shared septic system at 22 Evergreen Street. There were 4 ½ acres he split into 3 lots, 20,22 & 24 Evergreen Street. #20 was permitted for a six bedroom system which is currently being built as a three bedroom house and completed. It conforms to Board of Health Regulations and Title 5 State Regulations, but Conservation and Zoning have other regulations that require a part of the septic system be at least a 100' away from a wetlands. This system would not be in conformance with Conservation and Zoning.

Joe Casna stated that he would like to have Dana Junior bring in copies of agreements of conditions he has, which include the deed restriction and a copy of the recorded easement for next meeting. Joe Casna said he would be supportive of this along with the application. Dana Junior will come into next scheduled Board Meeting with the information requested.
