

Open Space Committee  
June 12, 2006

The members of the Open Space Committee gathered for a walk through the property located on Sunrise Drive, owned by the Wojtazinski family. In attendance were Pine duBois, Mark Guidoboni, Charles Comeau, Laura McCarthy and Bruce Skerritt who was joined by his daughter Emily.

At 6:15 pm, Mr. John Baldwin, the developer for Barrow Brook Estates and his associate Mr. Delprete led the committee through the proposed development site.

Near the end of our walk, Emily Skerritt came upon a female adult Box Turtle and brought it to all of our attention. The turtle was directly in the backyard of the Wojtazinski property, quite near the house.

Our walk continued through the bog area to the proposed exit of the site and ended at 7:30pm

Respectfully submitted
