

**Community Choice Power Program  
December Opt -Out Information**

"With the increase in electricity cost from Eversource, a second mailing from NextEra to existing Eversource Basic Service customers is being sent out in December. What this means is that a consumer notification letter and opt-out card will be sent out to anyone in Kingston who is on Basic Service. This mailing will inform residents about the Town's Program, show them the savings over Basic Service and allow them a 30-day opt-out period before being automatically enrolled. Customers may continue to opt in or opt out of the program and will not be charged for changing their electricity supplier.

This mailing will only go out to existing Eversource Basic Service customers "
