Kingston Officials Have Released the Town’s Community Choice Power Supply Program Aggregation Plan

The Town of Kingston developed the Aggregation Plan in compliance with Massachusetts law regarding public aggregation of electric consumers. It contains required information on the structure, operations, services, funding, and policies of the Town’s Plan. The Plan has been developed in consultation with the Town’s aggregation implementation consultant, Colonial Power Group, Inc. (CPG) and the Massachusetts Department of Energy Resources (DOER).

The purpose of this Plan is to represent consumer interests in competitive markets for electricity. It seeks to aggregate consumers in the Town to negotiate rates for power supply. It brings together the buying power of more than 12,000 consumers. Furthermore, the Town seeks to better manage energy prices. Participation is voluntary for each eligible consumer. Eligible consumers have the opportunity to decline service provided through the Plan and to choose any Competitive Supplier they wish. The Town has distributed this Plan for public review prior to submitting it to the Massachusetts Department of Public Utilities.
