Re: FY2019 New Growth & 2017 Building Permit Inspections

Dear Kingston Taxpayer:

The Town of Kingston needs to update the assessment records for this property based on the building permit that was taken out in 2017. The Assessor’s Office has hired two data collectors to complete this task.

This notice is to inform you there will be a data collector visiting the property. The data collectors are contractors for the Assessor’s Office and will have proper identification. Paul Sullivan or Kyle Sullivan will stop by the property to measure the outside any structures on the property and ask for an interior walk-through to verify the information that is on record with the office and to verify the completion of the work for which the building permit that was taken out.

The Assessor’s Office appreciates your cooperation in allowing the verification of both interior and exterior data. In most cases it will take as little as ten to fifteen minutes and will allow the Town to maintain accurate assessment data.

If you have any questions regarding the data collection process please contact the Kingston Assessor’s Office at 781-585-0509. The Kingston Police Department has been informed of these inspections and can verify this is information. It has also been posted on the Assessor’s page of the Town’s Website. We thank you in advance for your time and cooperation.

Sincerely,

Kingston Assessor’s Office
