A. Statement of Purpose:

Whereas there exists conclusive evidence that tobacco smoking causes cancer, respiratory and cardiac diseases, negative birth outcomes, irritations to the eyes, nose and throat¹;

Whereas the U.S. Department of Health and Human Services has concluded that nicotine is as addictive as cocaine or heroin² and the Surgeon General found that nicotine exposure during adolescence, a critical window for brain development, may have lasting adverse consequences for brain development,³ and that it is addiction to nicotine that keeps youth smoking past adolescence⁴;

Whereas a Federal District Court found that Phillip Morris, RJ Reynolds and other leading cigarette manufacturers "spent billions of dollars every year on their marketing activities in order to encourage young people to try and then continue purchasing their cigarette products in order to provide the replacement smokers they need to survive" and that these companies were likely to continue targeting underage smokers⁵;

Whereas more than 80 percent of all adult smokers begin smoking before the age of 18, more than 90 percent do so before leaving their teens, and more than 3.5 million middle and high school students smoke⁶;

Whereas 18.1 percent of current smokers aged <18 years reported that they usually directly purchased their cigarettes from stores (i.e. convenience store, supermarket, or discount store) or gas stations, and among 11th grade males this rate was nearly 30 percent⁷;

Whereas the Institute of Medicine (IOM) concludes that raising the minimum age of legal access to tobacco products to 21 will likely reduce tobacco initiation, particularly among adolescents 15 – 17, which would improve health across the lifespan and save lives⁸;

Whereas cigars and cigarillos, can be sold in a single "dose," enjoy a relatively low tax as compared to cigarettes; are available in fruit, candy and alcohol flavors; and are popular among youth⁹;

Whereas research shows that increased cigar prices significantly decreased the probability of male adolescent cigar use and a 10% increase in cigar prices would reduce use by 3.4%¹⁰;

---
⁶ SAMHSA, Calculated based on data in 2011 National Survey on Drug Use and Health and U. S. Department of Health and Human services (HHA).  
Regulation of the Kingston Board of Health
Restricting the Sale of Tobacco Products

Whereas 59% of high school smokers in Massachusetts have tried flavored cigarettes or flavored cigars and 25.6% of them are current flavored tobacco product users; 95.1% of 12 – 17-year-old who smoked cigars reported smoking cigar brands that were flavored; 

Whereas the Surgeon General found that exposure to tobacco marketing in stores and price discounting increase youth smoking; 

Whereas the federal Family Smoking Prevention and Tobacco Control Act (FSPTCA), enacted in 2009, prohibited candy- and fruit-flavored cigarettes largely because these flavored products were marketed to youth and young adults, and younger smokers were more likely to have tried these products than older smokers, neither federal nor Massachusetts laws restrict sales of flavored non-cigarette tobacco products, such as cigars, cigarillos, smokeless tobacco, hookah tobacco, and electronic devices and the nicotine solutions used in these devices; 

Whereas the U.S. Food and Drug Administration and the U.S. Surgeon General have stated that flavored tobacco products are considered to be "starter" products that help establish smoking habits that can lead to long-term addiction; 

Whereas the U.S. Surgeon General recognized in his 2014 report that a complementary strategy to assist in eradicating tobacco-related death and disease is for local governments to ban categories of products from retail sale;
Regulation of the Kingston Board of Health
Restricting the Sale of Tobacco Products

Whereas the U.S. Centers for Disease Control and Prevention has reported that the current use of electronic cigarettes, a product sold in dozens of flavors that appeal to youth, among middle and high school students tripled from 2013 to 2014;¹⁸

Whereas 5.8% of Massachusetts youth currently use e-cigarettes and 15.9% have tried them¹⁹;

Whereas the Massachusetts Department of Environmental Protection has classified liquid nicotine in any amount as an "acutely hazardous waste"²⁰;

Whereas in a lab analysis conducted by the FDA, electronic cigarette cartridges that were labeled as containing "no nicotine" actually had low levels of nicotine present in all cartridges tested, except for one²¹;

Whereas according to the CDC’s youth risk behavior surveillance system, the percentage of high school students in Massachusetts who reported the use of cigars within the past 30 days was 10.8% in 2013²²;

Whereas data from the National Youth Tobacco Survey indicate that more than two-fifths of U.S. middle and high school smokers report using flavored little cigars or flavored cigarettes²³;

Whereas the sale of tobacco products is incompatible with the mission of health care institutions because these products are detrimental to the public health and their presence in health care institutions undermine efforts to educate patients on the safe and effective use of medication, including cessation medication;

Whereas educational institutions sell tobacco products to a younger population, who is particularly at risk for becoming smokers and such sale of tobacco products is incompatible with the mission of educational institutions that educate a younger population about social, environmental and health risks and harms; and

Whereas the Massachusetts Supreme Judicial Court has held that "...[t]he right to engage in business must yield to the paramount right of government to protect the public health by any rational means"²⁴.

Now, therefore it is the intention of the Kingston Board of Health to regulate the sale of tobacco products.

B. Authority

This regulation is promulgated pursuant to the authority vested to the Kingston Board of Health by Massachusetts General Laws Chapter 111, Section 31 states "Boards of Health may make reasonable health regulations"

¹⁹ Massachusetts Department of Public Health, 2015 Massachusetts Youth Health Survey (MYHS)
²⁰ 310 CMR 30.136

²² See fn. 7.
C. Definitions

For the purpose of this regulation, the following words shall have the following meanings:

**Adult-Only Retail Tobacco Store**: An establishment that is not required to possess a retail food permit whose primary purpose is to sell or offer for sale but not for resale, tobacco products and tobacco paraphernalia, in which the sale of other products or offer of services is merely incidental, and in which the entry of persons under the minimum legal sales age is prohibited at all times, and which maintains a valid permit for the retail sale of tobacco products as required by the Kingston Board of Health.

**Blunt Wrap**: Any tobacco product manufactured or packaged as a wrap or as a hollow tube made wholly or in part from tobacco that is designed or intended to be filled by the consumer with loose tobacco or other fillers.

**Business Agent**: An individual who has been designated by the owner or operator of any establishment to be the manager or otherwise in charge of said establishment.

**Characterizing Flavor**: A distinguishable taste or aroma, other than the taste or aroma of tobacco imparted or detectable either prior to or during consumption of a tobacco product or component part thereof, including, but not limited to, tastes or aromas relating to any fruit, chocolate, vanilla, honey, candy, cocoa, dessert, alcoholic beverage, herb or spice; provided, however, that no tobacco product shall be determined to have a characterizing flavor solely because of the provision of ingredient information or the use of additives or flavorings that do not contribute to the distinguishable taste or aroma of the product.

**Cigar**: Any roll of tobacco that is wrapped in leaf tobacco or in any substance containing tobacco with or without a tip or mouthpiece not otherwise defined as a cigarette under Massachusetts General Law, Chapter 64C, Section 1, Paragraph 1.

**Component Part**: Any element of a tobacco product, including, but not limited to, the tobacco, filter and paper, but not including any constituent.

**Constituent**: Any ingredient, substance, chemical or compound, other than tobacco, water or reconstituted tobacco sheet, that is added by the manufacturer to a tobacco product during the processing, manufacturing or packaging of the tobacco product. Such term shall include a smoke constituent.

**Coupon**: Any card, paper, note, form, statement, ticket or other communication distributed for commercial or promotional purposes to be later surrendered by the bearer so as to receive an article, service or accommodation without charge or at a discount price.

**Distinguishable**: Perceivable by either the sense of smell or taste

**Educational Institution**: Any public or private college, school, professional schools scientific or technical institution, university or other institution furnishing a program of higher education.

**Employee**: Any individual who performs services for an employer.
Regulation of the Kingston Board of Health
Restricting the Sale of Tobacco Products

Employer: Any individual partnership, corporation, trust or other organized group of individuals that uses the services of one (1) or more employees.

Flavored Tobacco or Nicotine (including vaping products) Product: Any tobacco or nicotine product or component part thereof that contains a constituent that has or produces a characterizing flavor. A public statement, claim or indicia made or disseminated by the manufacturer of a tobacco or nicotine product, or by any person authorized or permitted by the manufacturer to make or disseminate public statements concerning such tobacco or nicotine product, that such tobacco or nicotine product has or produces a characterizing flavor shall constitute presumptive evidence that the tobacco or nicotine product is a Flavored Tobacco or Nicotine Product. Flavored combustible tobacco products exempt from this definition are menthol, wintergreen and mint.

Health Care Institution: An individual, partnership, association, corporation or trust or any person or group of persons that provides health care services and employs health care providers licensed: or subject to licensing, by the Massachusetts Department of Public Health under M.G.L. c. 112 or a retail establishment that provides pharmaceutical goods and services and is subject to the provisions of 247 CMR 6.00. Health care institutions include, but are not limited to hospitals, clinics, health centers, pharmacies, drug stores, doctor offices, optician/optometrist offices and dentist offices.

Liquid Nicotine Container: A bottle or other vessel which contains nicotine in liquid or gel form, whether or not combined with another substance or substances, for use in a tobacco product, as defined herein. The term does not include a container containing nicotine in a cartridge that is sold, marketed, or intended for use in a tobacco product, as defined herein, if the cartridge is prefilled and sealed by the manufacturer and not intended to be opened by the consumer or retailer.

Listed or Non-Discounted Price: The higher of the price listed for a tobacco product on its package or the price listed on any related shelving, posting, advertising or display at the place where the tobacco product is sold or offered for sale plus all applicable taxes if such taxes are not included in the state price, and before the application of any discounts or coupons

Minimum Legal Sales Age (M-SA): The age an individual must be before that individual can be sold a tobacco product in the municipality.

Non-Residential Roll-your-Own (RYO) Machine: A mechanical device made available for use (including to an individual who produces cigars, cigarettes, smokeless tobacco, pipe tobacco, or roll-your-own tobacco solely for the individual's own personal consumption or use) that is capable of making cigarettes, cigars or other tobacco products. RYO machines located in private homes used for solely personal consumption are not Non-Residential RYO machines.

Permit Holder: Any person engaged in the sale or distribution of tobacco products who applies for and receives a tobacco product sales permit or any person who is required to apply for a Tobacco Product Sales Permit pursuant to these regulations, or his or her business agent

Person: Any individual, firm, partnership, association, corporation, company, or organization of any including but not limited to, an owner, operator, manager, proprietor or person in charge of any establishment engaged in the sale or distribution of tobacco products directly to consumers.
Regulation of the Kingston Board of Health
Restricting the Sale of Tobacco Products

Retail Tobacco Store: An establishment that is not required to possess a food permit whose primary purpose to sell or offer for sale, but not for resale, tobacco products and tobacco paraphernalia, in which the sale of other products is merely incidental, which the entry of persons under the minimum legal sale age is prohibited at all times, and a valid permit for the retail sale of tobacco products as required to be issued by the Kingston Board of Health.

Self-Service Display: Any display from which customers may select a tobacco product, as defined herein, without from employee or store personnel.

Schools: Public or private elementary or schools.

Smoke Constituent: Any chemical or compound in mainstream or side stream tobacco that either transfers from any component of the tobacco product to the smoke that is formed by combustion of heating of tobacco, additives or other component of the tobacco product

Smoking Bar: An establishment that primarily is engaged in the retail sale of tobacco products for consumption by customers on the premises and is required by Mass. General Law Ch. 270, §22 to maintain a valid permit to operate a smoking bar issued by the Massachusetts Department of Revenue. “Smoking bar” shall include, but not be limited to, those establishments that are commonly known as “cigar bars” and “hookah bars”.

Tobacco Product: Any product containing, made, or derived from tobacco or nicotine that is intended for human consumption, whether smoked, chewed, absorbed, dissolved, inhaled, snorted, sniffed, or ingested by any other means, including, but not limited to: cigarettes, cigars, little cigars, chewing tobacco, pipe tobacco, snuff; or electronic cigarettes, electronic cigars, electronic pipes, electronic hookah, liquid nicotine, “e-liquids” or other similar products, regardless of nicotine content, that rely on vaporization or aerosolization. “Tobacco Product” includes any component or part of a tobacco product. “Tobacco Product” does not include any product that has been approved by the United States Food and Drug Administration either as a tobacco use cessation product or for other medical purposes and which is being marketed and sold or prescribed solely for the approved purpose.

Vending Machine: Any automated or mechanical self-service device, which upon insertion of money, tokens or any other form of payment: dispenses or makes cigarettes co any other tobacco products, as defined herein.

D. Tobacco Sales to Persons Under the Minimum Legal Sales Age Prohibited:

1. No person shall sell or provide a tobacco product, as defined herein, to a person under the minimum legal sales age. The minimum legal sales age in Kingston is 21.

2. Required Signage
   a. In conformance with and in addition to Massachusetts General Law, Chapter 270, Section 7, a copy of Massachusetts General Laws, Chapter 270, Section 6, shall be posted conspicuously by the owner or other person in charge thereof in the shop or other place used to sell tobacco products at retail. The notice shall be provided by the Massachusetts Department of Public Health and made available
Regulation of the Kingston Board of Health
Restricting the Sale of Tobacco Products

from the Kingston Board of Health. The notice shall be at least 48 square inches and shall be posted conspicuously by the permit holder in the retail establishment or other place in such a manner so that it may be readily seen by a person standing at or approaching the cash register. The notice shall directly face the purchaser and shall not be obstructed from view or placed at a height of less than 4 feet or greater than 9 feet from the floor. The owner or other person in charge of a shop or other place used to sell tobacco products at retail shall conspicuously post any additional signs required by the Massachusetts Department of Public Health. The owner or other person in charge of a shop or other place used to sell hand rolled cigars must display a warning about cigar consumption in a sign at least 50 square inches pursuant to 940 CMR 22.05 (2) (e).

b. The owner or other person in charge of a shop or other place used to sell tobacco products, as defined herein, at retail establishment shall conspicuously post signage provided by Kingston Board of Health that discloses current referral information about smoking cessation.

c. The owner or other person in charge of a shop or other place used to sell tobacco products that rely on vaporization or aerosolization, as defined herein as “Tobacco Products”, at retail shall conspicuously post a sign stating that “The sale of tobacco products, including e-cigarettes, to someone under the minimum legal sales age of 21 years is prohibited.” The notice shall be no smaller than 8.5 inches by 11 inches and shall be posted conspicuously in the retail establishment or other place in such a manner so that it may be readily seen by a person standing at or approaching the cash register. The notice shall directly face the purchaser and shall not be obstructed from view or placed at a height of less than four (4) feet or greater than nine (9) feet from the floor.

3. Identification: Each person selling or distributing tobacco products, as defined herein, shall verify the age of the purchaser by means of a valid government-issued photographic identification containing the bearer’s date of birth that the purchaser is 21 years old or older. Verification is required for any person under the age of 27.

4. All retail sales of tobacco products, as defined herein, must be face-to-face between the seller and the buyer and occur at the permitted location.

E. Tobacco Product Sales Permit

1. No person shall sell or otherwise distribute tobacco products, as defined herein, within the Town of Kingston without first obtaining a Tobacco Product Sales Permit issued annually by the Kingston Board of Health. Only owners of establishments a permanent, non-mobile location in Kingston are eligible to apply for a permit and sell tobacco products at the specified location in Kingston.

2. As part of the Tobacco Product Sales Permit application process, the applicant will be provided with the Kingston regulation. Each applicant is required to sign a statement declaring that the applicant has read said regulation and that the applicant is responsible for instructing any and all employees who will be responsible for tobacco product sales regarding federal, state and local laws regarding the sale of tobacco and this regulation.

3. Each applicant who sells tobacco products is required to provide proof of a current Tobacco Retailer License issued by the Massachusetts Department of Revenue, when required by state law, before a Tobacco Product Sales Permit can be issued. Applicant may be asked to provide evidence that a legitimate business transfer or business purchase has taken place.
Regulation of the Kingston Board of Health
Restricting the Sale of Tobacco Products

4. The fee for a Tobacco Product Sales Permit shall be determined by the Kingston Board of Health annually. All such shall be renewed annually by January 1st.

5. A separate permit is required for each retail establishment selling tobacco products, as defined herein.

6. Each Tobacco Sales Permit shall be displayed at the retail establishment in a conspicuous place.

7. No Tobacco Product Sales Permit shall allow any employee to sell tobacco products, as defined herein, until such employee reads this regulation before and state regarding sale of tobacco products and signs a statement, a copy of which will be placed on file in the office of the employer, that he/she has read the regulation and applicable state federal laws.

8. A Tobacco Product Sales Permit will not be renewed if the permit holder has sold a tobacco product to a person under the MLSA (§D.1) three times within the previous permit year and the time period to appeal has expired. The violator may request a hearing in accordance with subsection 4 of the Violations section.

9. Maximum Number of Tobacco Product Sales Permits.

   a. At any given time, there shall be no more than 18 Tobacco Product Sales Permits issued in Kingston (reduced by the number of permits not renewed pursuant to subsection (b) below). No permit renewal will be denied based on the requirements of this subsection except any permit holder who has failed to renew his or her permit within thirty (30) days of expiration will be treated as a first-time permit applicant. New applicants for permits who are applying at a time when the maximum number of permits have been issued will be placed on a waiting list and will be eligible to apply for a permit on a “first-come, first-served” basis as issued permits are either not renewed, revoked, or are returned to the Board of Health.

   b. As of January 1, 2020 any permit not renewed either because a retailer no longer sells tobacco products, as defined herein, or because a retailer closes the retail business, shall be returned to the Kingston Board of Health and shall be permanently retired by the Board of Health and the total allowable number of Tobacco Product Sales Permits under paragraph (a) shall be reduced by the number of the retired permits. (NOTE: If this subsection is included, remove the last sentence of section 9(a) AND add to the end of the first sentence of subsection (a) the following phrase: “...reduced by the number of permits not renewed pursuant to (b).”)

   c. A Tobacco Product Sales Permit shall not be issued to any new applicant for a retail location within five hundred (500) feet of a public or private elementary or secondary school as measured by a straight line from the nearest point of the property line of the school to the nearest point of the property line of the site of the applicant’s business premises.

   d. A Tobacco Product Sales Permit shall not be issued to any new applicant for a retail location within five hundred (500) feet of a retailer with a valid Tobacco Product Sales Permit as measured by a straight line from the nearest point of the property line of the retailer with a valid Tobacco Product Sales Permit to the nearest point of the property line of the site of the applicant’s business premises.

   e. Applicants who purchase or acquire an existing business that holds a valid Tobacco Product Sales Permit at the time of the sale or acquisition of said business must apply within sixty (60) days of such sale or acquisition for the permit held by the Current Permit Holder if the Applicant intends to sell tobacco products, as defined herein.

Page 8 of 12
F. Cigars Sales Regulated:

1. No person shall sell or distribute or cause to be sold or distributed a single cigar unless such cigar is priced for retail sale at two dollars and fifty cents ($2.50) or more.

2. No person shall sell or distribute or cause to be sold or distributed any original factory-wrapped package of two or more cigars, unless such package is priced for retail sale at five dollars ($5.00) or more.

3. This Section shall not apply to shall not apply to a person or entity engaged in the business of selling or distributing cigars for commercial purposes to another person or entity engaged in the business of selling or distributing cigars for commercial purposes with the intent to sell or distribute outside the boundaries of Kingston.

4. The Kingston Board of Health may adjust from time to time the amounts specified in this Section to reflect changes in the applicable Consumer Price Index by amendment of this regulation

G. Sale of Flavored Tobacco or Nicotine (including vaping) Products Prohibited: No person shall sell or distribute or cause to be sold or distributed any flavored tobacco or nicotine product, except in smoking bars and adult-only retail tobacco stores. Flavored combustible tobacco products exempt from this are menthol, wintergreen and mint.

*Governor Charles D Baker’s Immediate Emergency Declaration on September 24th 2019 for a temporary four-month statewide ban on the sale of flavored and non-flavored vaping products in both retail stores and online. The sales ban applies to all vaping products and devices, including tobacco and marijuana. The ban lasts through January 25, 2020 and supersedes local regulations

H. Prohibition of the Sale of Blunt Wraps: No person or entity shall sell or distribute blunt wraps in Kingston.

I. Free Distribution and Coupon Redemption: No person shall

1. Distribute or cause to be distributed, any free samples of tobacco products, as defined herein;

2. Accept or redeem, offer to accept or redeem, or cause or hire any person to accept or redeem or offer to accept or redeem any coupon that provides any tobacco product, as defined herein, without charge or for less than the listed or non-discounted price; or

3. Sell a tobacco product, as defined herein, to consumers through any multi-pack discounts (e.g., "buy-two-get-one-free") or otherwise provide or distribute to consumers any tobacco product, as defined herein, without charge or for less than the listed or non-discounted price in exchange for the purchase of any other tobacco product.

J. Out of Pocket Sales:

1. The sale or distribution of tobacco products, as defined herein, in any form other than an original factory wrapped package is prohibited, including the repackaging or dispensing of any tobacco
Regulation of the Kingston Board of Health
Restricting the Sale of Tobacco Products

product, as defined herein for retail sale. No person may sell or cause to be sold or distribute or cause to be distributed any cigarette package that contains fewer than twenty (20) cigarettes, including single cigarettes.

2. Permit holders who sell Liquid Nicotine Containers must comply with the provisions of 310 CMR 30.000, and must provide the Kingston Board of Health with a written plan for disposal of said product, including disposal plans for any breakage, spillage or expiration of the product.

3. All permit holders must comply with 940 CMR 21.05 which reads: “It shall be an unfair or deceptive act or practice for any person to sell or distribute nicotine in a liquid or gel substance in Massachusetts after March 15, 2016 unless the liquid or gel product is contained in a child-resistant package that, at a minimum, meets the standard for special packaging as set forth in 15 U.S. C.§§1471 through 1476 and 16 CFR §1700 et. Seq.”

4. No permit holder shall refill a cartridge that is prefilled and sealed by the manufacturer and not intended to be opened by the consumer or retailer.

K. Self Service Display: All self-service displays of tobacco products, as defined herein, are prohibited. All humidors including, but not limited to, walk-in humidors must be locked.

L. Vending Machines: All vending machines containing tobacco products, as defined herein, are prohibited.

M. Non-Residential Roll-Your-Own Machines: All Non-Residential Roll-your-Own machines are prohibited.

N. Prohibition of the Sale of Tobacco products by Health Care Institutions: No health care institution located in Kingston shall sell or cause to be sold tobacco products as defined herein. No retail establishment that operates or a health care institution within it, such as a pharmacy, optician/optometrist or drug store, shall sell or cause to be sold tobacco product, as defined herein.

O. Prohibition of the Sale of Tobacco products by Educational Institutions: No educational institution located in Kingston shall sell or cause to be sold tobacco products, as defined herein. This includes all educational institutions as well as any retail establishments that operate on the property of an educational institution.

P. Incorporation of State Laws and State Regulations:

1. The sale or distribution of tobacco products, as defined herein, must comply with those provisions found at M.G.L. Ch. 270, §§6, 6A, 7 and M.G.L. Ch. 112, §61A.

2. The sale or distribution of tobacco products, as defined herein, must comply with those provisions found at 940 CMR 21.00 (“Sale and Distribution of Cigarettes, Smokeless Tobacco Products, and Electronic Smoking Devices in Massachusetts”) and 940 CMR 22.00 (“Sale and Distribution of Cigars in Massachusetts”).
Q. Violations:

1. It shall be responsibility of the establishment, permit holder and/or his or her business agent to ensure compliance with all sections of this regulation. The violator shall receive:

   a. In the case of a first violation a fine of one hundred dollars ($100.00) (NOTE: Fines can be higher than these suggested fines; however, if a fine is over $300, non-criminal disposition cannot be used as an enforcement tool.)

   b. In the case of a second violation, within 36 months of the date of the current violation, a fine of two hundred dollars ($200.00) and the Tobacco Product Sales Permit shall be suspended for seven (7) consecutive business days.

   c. In the case of three or more violations within a 36-month period, a fine of three hundred dollars ($300.00) and the Tobacco Product Sales Permit shall be suspended for thirty (30) consecutive business days.

   d. In the case of four violations or repeated, egregious violations of this regulation, as determined by the Board of Health, within a 36-month period, the Board of Health shall hold a hearing in accordance with subsection 4 of this section and may permanently revoke a Tobacco Product Sales Permit.

2. Failure to cooperate with inspections pursuant to this regulation shall result in the suspension of the Tobacco Product Sales Permit for thirty (30) consecutive business days.

3. In addition to the monetary fines set above, any permit holder who engages in the sale or distribution of tobacco products directly to a consumer while his or her permit is suspended shall be subject to the suspension of that permit for the remainder of that permit year. The permit holder will also be subject to the suspension of all Board of Health issued permits for thirty (30) consecutive business days.

4. The Kingston Board of Health shall provide notice of the intent to suspend or revoke a Tobacco Product Sales Permit which notice shall contain the reasons therefor and establish a time and date for a hearing which date shall be no earlier than seven (7) days after the date of said notice. The permit holder or its business agent shall have an opportunity to be heard at such hearing and shall be notified of the Board of Health's decision and the reasons therefor in writing. After a hearing, the Kingston Board of Health shall suspend or revoke the Tobacco Product Sales Permit if the Board of Health finds that a violation of this regulation occurred. For purposes of such suspensions or revocations, the Board shall make the determination notwithstanding any separate criminal or non-criminal proceedings brought hereunder or under the Massachusetts General Laws for the same offense. All tobacco products, as defined herein, shall be removed from the retail establishment upon suspension or revocation of the Tobacco Product Sales Permit. Failure to remove all tobacco products, as defined herein, shall constitute a separate violation of this regulation.
Regulation of the Kingston Board of Health
Restricting the Sale of Tobacco Products

R. Non-Criminal Violations: Whoever violates any provision of this regulation may be penalized by the non-criminal method of disposition as provided in Massachusetts General Laws, Chapter 40, Section 21D.

S. Separate Violations: Each day any violation exists shall be deemed to be a separate offense.

T. Enforcements: Enforcements of this regulation shall be by the Kingston Board of Health or its designated agent(s).

Any resident who desires to register a complaint pursuant to the regulations may do so by contacting the Kingston Board of health or its designated agent(s) and the board shall investigate.

U. Severability: If any provision of this regulation is declared invalid or unenforceable, the other provisions shall not be affected thereby but shall continue in full force and effect.

V. Effective Date: This regulation shall take effect on January 1, 2020

Approved August 19, 2019

1. Joe Casna

2. Jack Breen

3. Bill Kavol

4. Bill Watson

5. Janet Dileo-Wade
